GUIDE

1 What this sheet practises

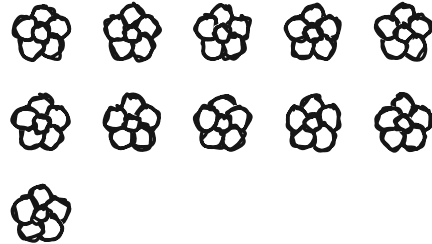

Writing the numbers 0 to 20, and using a number to show how many things are in a picture.

2 A problem from the sheet, worked out

How many? Count, then write the number.

2

11

How: Count the pictures one at a time, touching each one. The last number you say is how many: write that number.

3 Words to know

number a written sign for how many, like 7

count say one number for each thing

how many the total you get when you count

zero 0, or none at all

4 Watch for

- Writing a number backwards, like a flipped 3, 7 or 9.
- Swapping the digits of a teen number: 71 for 17.
- Counting a picture twice, so the number is one too many.

5 Where it fits

THIS SHEET

K.CC.A.3

Write numbers 0–20 and use a numeral to show how many.

NEXT

1.NBT.A.1

Count to 120 from any number, and read and write the numerals.

6 Helping at home

Write numbers big in the air, in sand or on a steamy window. Then ask your child to count out that many spoons or socks.
